FOR IMMEDIATE RELEASE:

SLIM CD, Inc Performs 5th Annual CISP/PCI Compliance Audit

SLIM CD, Inc Has Passed its Fifth Annual CISP/PCI Audit

Coral Springs, FL August 14, 2006 – SLIM CD, Inc a software developer and service provider announces that it has successfully completed its annual PCI service-provider onsite audit and has been recognized by Visa for safely handling cardholder information for a fifth consecutive year. These annual audits verify that SLIM CD's software and systems operate in a safe and secure manner.

"SLIM CD is proud to complete our fifth annual PCI/CISP registration and honored to continue to be acknowledged as PCI compliant by Visa USA", said Sami Slim, CEO of SLIM CD, Inc. "The combination of a PCI/CISP audit with a PABP review provides our customers with the comfort of safe and secure transaction handling, and allows outside developers to use our toolkits to easily achieve the same success."

The Slim CD Pro package includes a stand-alone desktop application, a web-based virtual terminal, and a shopping cart. The SLIM CD services include gateway services, data on demand, fraud detection services and backup dial-in connectivity. The SLIM CD Developer's Kits come in a variety of formats, for POS Developers, WEB Developers, and Hardware Integrators.

The SLIM CD Pro software line runs on any IBM-Compatible Personal Computer with Internet connectivity or that has a modem. The SLIM CD Developers Toolkits can be used from a variety of hardware and operating systems. Low-cost card swipes, signature-capture devices, and receipt printers are supported. An Enterprise Edition is available to perform merchant level recurring billing. More information about SLIM CD, Inc and the SLIM CD products are available at <http://www.slimcd.com>.
